

OH NO.  
YOUR BRAIN  
HAS ESCAPED  
AGAIN!

I DON'T UNDERSTAND  
WHY HE NEVER CLOSED  
UP HIS SKULL...

To whom it may concern:  
If you are reading this,  
it's because my brain has  
escaped. But don't be  
alarmed; I've created  
a new artificial brain  
that can reanimate me.  
To find it, solve the  
impossible Rubik's Cube.  
Henry
